SCOPE and CONTENTS

Project drawings, travel sketchbook, student drawing
Ca. 1911 – 1919
One folder; one box

Project drawings from the office of New Orleans architect Samuel Stanhope Labouisse (1879-1918). Also, included are project drawings from Labouisse's association with the office of DeBuys, Churchill, and Labouisse (Rathbone DeBuys, 1872-1960; Frank G. Churchill, 1878-1924), in which Labouisse was a name partner. Drawings are mostly blueprints with a few original

tracings. Also, included is a student project done by Labouisse at the Atelier Preparatoire d'Architecture Godefroy and Freynet in Paris, and a sketchbook from his European travels.

Samuel Stanhope Labouisse was the father of New Orleans architect F. Monroe Labouisse, Sr. (1911-1998), and the grandfather of Monroe Labouisse, Jr. (1940-1986) who were also architects in New Orleans.

PROVENANCE

Records were given by Louis Goldstein to Tulane in 1988. Goldstein acquired the drawings through F. Monroe Labouisse, Sr., son of Samuel Stanhope Labouisse, while they were in partnership in the New Orleans architectural firm Goldstein, Parham, and Labouisse. Travel sketchbook was given by Milton Scheurmann, Jr. in 2006.
